NQT Primary Mathematics Offer 2018-2019

It is absolutely vital that those teachers entering the teaching profession for the first time are given the right training and support, to ensure effective teaching and learning in their classrooms.

More importantly, this training needs to be specific to the intricacies of the teaching of mathematics. These three half days will provide an opportunity to share experiences and good practice as well as focus on many essential skills in line with curriculum requirements.

Session 1	Session 2	Session 3
<p>What is teaching for Mastery and what does it look like in my classroom? Focus on children seeing the maths; using models and representations.</p> <p>Led by Louise Burnett</p>	<p>Calculation: How do we ensure conceptual understanding, and not simply procedural?</p> <p>Led by Louise Burnett</p>	<p>How do we integrate reasoning into every mathematics lesson? Session will include: activities and resources to support asking the right questions to 'dig deeper' into children's understanding.</p> <p>Led by Louise Burnett</p>
