

Dear colleague

If you work in a Primary school in the West Midlands, we would like to invite you to complete our online questionnaire for the '*Prevent in Primary Schools*' research project. This project is run from the University of Birmingham by Dr Raquel da Silva, Dr Megan A Armstrong and Dr Giuditta Fontana. The project aims to explore how the Prevent duty is understood and implemented in primary schools in the West Midlands. The questionnaire should take around 15 minutes to complete, depending on how much you choose to write in comment boxes. You are free to choose not to participate, or to stop participating during the completion of the questionnaire. Upon completion of the questionnaire, we will provide details of how to collect your £10 Amazon voucher (a thank you from us!).

The questionnaire can be found here:

https://bham.qualtrics.com/jfe/form/SV_002f5bJauy55JLT

To access it you need the password: **universityofbirmingham**

This research project has received full ethical approval by the University of Birmingham. If you have any questions about this work you may contact the researchers at the following email address: r.b.p.dasilva@bham.ac.uk

Yours sincerely

Dr Raquel da Silva, Dr Megan A. Armstrong and Dr Giuditta Fontana
