

Children and young people's health services – survey

Please share this survey with colleagues and other parents

- Are you a parent of a child or young person?*
- Are health services being offered in a way that meets children and young people's needs?*
- Are you under 25 and from Birmingham or Solihull?*

If so, we want to hear from you!

The NHS knows that health and well-being is really important to you.

NHS Birmingham and Solihull Clinical Commissioning Group (CCG) recognises that good health and well-being is crucial for children and young people to reach their full potential.

The CCG knows that there are currently health inequalities for children and young people in Birmingham and Solihull, and that there needs to be a greater focus on the importance of early help to reduce the chances of poor health in the future.

We want to know if the local health services that you use could be better and how.

Tell us your views here: <https://www.surveymonkey.co.uk/r/BSolCYPhealthservices>

The survey will take about five minutes to complete and the closing date is **Friday 15 March 2019**.
