

Sarah Lardner, Sustainability Engagement Officer  
(Education),

Sustainable Development Team, Solihull Council

[slardner@solihull.gov.uk](mailto:slardner@solihull.gov.uk)

# Low Carbon Future – TARGETS

- National!
- Regional!
- Local!
- Organisational

# SOLIHULL COUNCIL PLAN

## 2020-25

### Economy

- People, business and the environment benefit from UKC and HS2, including increased access to good work
- More affordable and environmentally sustainable housing built
- Our town and local centres have stable or growing economies
- More visitors to the borough.

### Environment

- An enhanced, well connected natural environment
- More people walking, cycling and using public transport
- Air quality has improved by 2025
- The Council is net zero carbon by 2030 and the Borough is net zero carbon by 2041.

### People and Communities

- Improvements in early childhood development and school readiness in disadvantaged communities
- Stronger, more connected, resourceful communities finding solutions to local problems
- Children and adults with care and support needs are empowered to build on their strengths and be as independent as possible.
