

Creative Earth Art Competition – whole school with the assistance of our Art teacher.

For the weekly art lesson the competition was set as our Global Goal day. Our art teacher provided two PowerPoint presentations – one for KS1 and one for KS2. The Global goals were introduced through the World's Largest Lesson 3 of the global goals on YouTube and KS2 listened to a poem from a Senior school pupil accessed from the WWF website.

There was plenty of information about the competition that we accessed from the WWF including the short video from the actor Cel Spellman talking to Senior School children about COP26 and an introduction by Alok Sharma (President of COP26).
