MISSION: SUSTAINABILITY

Started in 2020, the programme is designed to:

- **inspire young people** to shape the sustainable development of our planet
- **empower innovation** in science teaching by sharing cutting-edge industry knowledge
- **excite pupils** to pursue careers in STEM subjects
- **form deeper collaborations** between Enzen and the West Midlands community

MISSION: SUSTAINABILITY

- Aimed at West Midlands schools
- Open to Key Stages 2, 3, 4 and 5
- Timed to coincide with British Science Week (10-19 March 2023)
- Free to enter
- Each school receives an innovation fund
- Careers webinars included as part of the programme
- Cash prizes for winning schools
