

3.2 This report sets out the details of services covered under the operational guidance and regulations, the costs of these services and the proposed mechanism of funding.

4. General Duties

- 4.1 For 17/18 Schools Forum approved the funding of General Duties from September 2017 at a total cost of £1.096m which equated to: £60 mainstream schools, £150 special schools and £150 PRU's.
- 4.2 The DFE's equivalent rates pupil for 17/18 were: £66 mainstream schools, £280.50 special schools and £247.50 PRU's.
- 4.3 In summary, the LA could have expected to receive £1.361m in grant against a cost of £1.769m, a shortfall of £0.408m. Applied against the current approved DSG contribution of £1.096m, this shortfall is £0.673m. This is set out in Appendix C.
- 4.4 Last year's report to Forum set out the circumstances around the government's funding changes, the resultant impact and the requirement for the LA to seek schools funding for its statutory responsibilities.
- 4.5 It is worth noting again that the old grant was "un-hypothocated" – each LA 'does what it does' and has treated ESG as general income – no LA has put in place sophisticated systems to be concise about costs and nature of these activities in the way the DfE have defined them. The definitions do not reflect how local authorities classify their activities, team organisations or accounting systems. Overall local authorities spend much more on these activities than the ESG grant, and Solihull is no different.
- 4.6 However, we undertook to provide more details around the costs and services provided.
- 4.7 Appendix A sets out the nature of services and responsibilities formerly defined as General Duties as set out in the operational guidance and underpinned by the School and Early Years Finance (England) Regulations 2017. These represent statutory functions Local Authorities hold for maintained schools.
- 4.8 Appendix B sets out in more detail the nature and costs of the services provided. The provision of these services ensures that statutory obligations are met, gives schools some safeguarding against risks but can also generate financial benefits. As an example, the Director of Resources and Deputy Chief Executive last year negotiated a three year deal with the West Midlands Pension Fund for a lower pension rate which has saved maintained schools some £1m over the period.
- 4.9 Appendix C summarises the proposed services and costs.
- 4.10 Clearly, the LA recognises that full cost recovery is neither feasible or, in the current climate for schools, realistic. However, we need to ensure that there is a contribution that reflects the duties we have to provide and maintains the valuable working relationship we have with our maintained schools and vice versa.
- 4.11 As such we would look to recommend a contribution based on the DFE's equivalent rates as set out in paragraph 4.2 above of £1.361m. On this basis the LA would in effect be subsidising general duties by some £0.408m. This is in addition to the subsidy for Retained Duties as set out in the separate report.
